

## Good Friday 2015

This morning about 450 people gathered for the Stations of the Cross which was dramatised. As the Stations started at 10.00am there was a light drizzle of rain, which soon eased. The powerful Way of the Cross enables us as Christians to enter into the final saving moments of the life of Christ.

Thank you to Koula and the team behind this years very prayerful Stations of the Cross. The team has been rehearsing for a month. Each Station vividly and prayerfully brought to life the Passion of Our Lord Jesus Christ.
